

PENINSULA FAMILY SERVICE

Skyrocketing Bay Area wealth is creating a widening divide into which thousands of our neighbors are at risk of falling. We all have it in our power to change that. Join Peninsula Family Service in strengthening our community by securing opportunity, financial stability, and wellness for all.

OPPORTUNITY

Differences in school-readiness appear long before children enter kindergarten. Often called the income-achievement gap, that difference becomes ingrained as a child gets older. Peninsula Family Service prevents the income-achievement gap through high-quality early learning opportunities that help children reach their full potential.

FINANCIAL STABILITY

Many hard-working families struggle to keep their heads above water as our region's cost of living rises. To break the cycle of instability, Peninsula Family Service connects participants with job training and tools that repair credit, increase savings, and set families on the path to financial wellbeing.

WELLNESS

When faced alone, the challenges of aging can be overwhelming and isolating. Peninsula Family Service supports healthy aging by connecting older adults with activities and resources to stay active and engaged within our community. From yoga classes to peer counseling, our programs promote wellness at every age.
